December 5, 2022

Ninnekah Owl Family,

Sunday evening, the Ninnekah Schools' Administration received information about a threat to student safety for Monday. That threat was immediately turned over to law enforcement to investigate.

Thank you to the Grady County Sheriff's Department and the Ninnekah Police Department for their swift action to fully investigate this issue. The shift to virtual school was made to allow law enforcement time to conduct the investigation and reach all parties involved as well as protect the safety of students and staff. Due to the time of the receipt of information, the school tried to provide parents as much time as possible to make arrangements for small children to do virtual school.

At this time, the issue has been addressed and students may return to the campus for school as scheduled Tuesday, December 6, 2022. Additional police presence will be on campus for precautionary security.

I greatly appreciate the support of the Ninnekah Owl school staff and our community and the quick shift to virtual school to protect our kids!

Thank you,

A handwritten signature in black ink that reads "Ashley Davis Ph.D." with a stylized flourish at the end.

Ashley Davis, Ph.D.
