After much reflection and deep gratitude, I am announcing my decision to retire as District Attorney for District 21, effective March 1, 2025. Serving the citizens of Cleveland, Garvin, and McClain counties for the past 18 years has been the honor of a lifetime. I am profoundly grateful for the trust my fellow Oklahomans have placed in me throughout my tenure.

When I first took office, I pledged to uphold justice, protect the vulnerable, and serve the public with integrity. These principles have guided me daily, and together, we have achieved significant milestones in pursuit of safer, more crime-free communities. From successfully managing more than 80 attorneys and staff in ensuring caseloads are handled timely and ensuring that victims are properly cared for in the criminal justice system to prosecuting high-profile cases to other notable accomplishments such as serving on many boards and organizations, these successes are a testament to the collaboration and dedication of our entire team.

None of this would have been possible without the unwavering support of my colleagues, law enforcement partners, and the citizens of every community we serve. Your partnership and commitment have inspired me to do my best in every case, every decision, and every effort to advance justice.

As I prepare to leave this role as a career prosecutor, I remain confident that the foundation we have built together will endure. I am committed to ensuring a smooth transition for my successor and will do everything I can to support their success in continuing the vital work of this office.

While I look forward to spending more time with my family and pursuing new interests, I will remain connected to the Norman community, which my family has called home for the past 30 years. My commitment to justice and public service does not end with my retirement; it simply takes a new form.

To the citizens of District 21, thank you for the privilege of serving as your District Attorney. I will cherish these years and the relationships we have built. As I transition to the next chapter, I leave with immense pride in what we have accomplished and deep faith in what lies ahead for our communities and state.
